

should our men and women keep dying because we were wrong?

We went to war for all the wrong reasons. We can't change the past, but we can stop repeating our current mistakes.

### **War Endangers Our Most Precious Natural Resource: Our Freedoms**

What is the soul of America? What lies at our heart, marking us as Americans and other people as foreigners? It's not our televisions or homes or SUVs or football teams. The soul of America is liberty, freedom, and equality before the law.

The terrors of war cause us to forget our American soul, our civil liberties, our belief in equality before the law. As you read, Americans lie imprisoned denied fair trial or right to counsel. Congress through the RealID act decreed that you cannot board a train without ID papers. Congress created the Patriot Act, which allows government officials to search your home without showing you their search warrant.

War endangers the American soul. We should End the War On Iraq and bring our folks home, while there is still an America to return to.

### **Where Is Osama?**

Four years ago, air pirates attacks our airliners and flew them into buildings, killing thousands of Americans. Behind these deeds were acolytes of Osama bin Laden. To bring bin Laden to trial, we invaded Afghanistan, overthrew their government, and then tried finding Osama. We failed. We failed because The War On Iraq stripped that search of needed resources. We should End Our War On Iraq so we can find bin Laden before he strikes again.

### **Our Friends Run for Office**

Across Massachusetts, Liberty activists associated with Liberty for Massachusetts do politics the way that works: They run for office. They bring to Massachusetts voters the Liberty for Massachusetts message of smaller government, lower taxes, less intrusive laws and regulations, increased individual freedom, and equality before the law.

Liberty for Massachusetts members have sought election for offices from Town Meeting member to U.S. Congress. For details on current campaigns of our members and friends, see our web pages <http://www.LibertyForMassachusetts.org>

### **From the Chair**

The purpose of our organization is to enlighten the world about the original principles that our country was founded upon: Freedom and Liberty for all without governmental oppression. We seem to have gone astray from our founding fathers' vision. Today's society needs to be enlightened as to our own ability to control our destiny: That without governmental control, you can survive and flourish, that you have the ability to think for yourself, and that your hard earned dollars should be yours to do with as you please. With our organization we hope to assist those with libertarian principles and goals in getting elected, educating the public, and fostering the ideas of *liberty for all* and *equality under the law*.

I wish to thank the members of Liberty for Massachusetts for electing me as our first Chair. I hope to achieve our goal of educating the public about our objectives.

## End The War On Iraq Bring Our Men and Women Home

It is time to End Our War On Iraq and  
bring our men and women home. Bring  
them home before more Americans are  
killed, blinded, or crippled for life.

For two centuries, Americans believed that  
America only went to war to protect itself,  
to respond to attacks like Pearl Harbor.  
Now we have gone to war with a country  
that had no plans to attack us, and did  
not threaten us. Starting wars is not the  
American Way. Libertarians have always  
believed: Intervention in foreign countries  
not attacking us is wrong. It causes  
foreigners to hate us. We should End Our  
War on Iraq and bring our men and  
women home.

Three years ago, Americans were led to  
believe that Iraq had weapons of mass de-  
struction. Americans were led to believe  
that Iraq was responsible for 9/11. Ameri-  
cans were led to believe that Saddam Hus-  
sein was allied with Osama bin Laden.

In truth, The Iraqis had only conventional  
weapons. Iraq had nothing to do with the  
9/11 attack. Saddam Hussein was a  
socialist who hated Islamic jihadists. Why
